[Linkedin](#) | [Github](#) | [Portfolio](#)

Web Developer with HTML, CSS, JS and React.js knowledge.

As Bachelor in Business Administration I worked in different industries and companies. So I have experience in administration, finance and customer service.

For many years I have been working as a freelance writer. This job helped me to develop oral and written communication skills.

I am a curious person and I am always looking to learn something new.

Technologies

- HTML
